SUMMER

OCEANS OF
POSSIBILITIES 2022

What is Summer Reading?

Summer Reading is a summer reading incentive program for children age 3 through grade 6 to keep them reading (or being read to) all summer long. Participants sign up and set a goal for how much reading they will try to do over the summer. When you sign up you get a special summer reading necklace; as you read towards your goal, you tell us about it and collect cool tags, charms and beads for your necklace. There is also an opportunity for participants to win free books to keep!
